Comments- Action Arts Center specializes in Creative Arts Therapy for children, adolescents, and adults. We offer drama therapy, art therapy, music therapy, movement therapy, play therapy, sand tray therapy, and the use of writing and journaling. We are also certified in Girls Circle/Boys Council workshops. Action Arts Center also offers Professional Theatre Training Classes. Creative Arts Therapy involves the intentional use of music, art, movement, or drama within a therapeutic relationship to facilitate growth and healing. Through engagement within creative experiences, people of diverse ages, abilities, cultures, and backgrounds are supported in developing their own creative potential. Expressive pathways are formed through which people can move toward greater health, well-being, and capacities for living a full and meaningful life. Creative Arts Therapists are Board Certified within their own disciplines and are bound by professional codes of ethics. Each discipline has a strong and growing body of research, which informs best practices.

Are emergency services available - Yes
How quickly can patients be seen - I provide quick availability
Office hours - Monday-Friday 9 AM – 6:30 PM/ Saturday 9 AM – 3 PM
Psychiatric affiliate - None
Comments - I am a Licensed Professional Counselor (LPC) who utilizes a client-centered approach, meaning I want to know your history, feelings and emotions, while fostering strategies for self-realization. In this way counseling becomes an assisting process, rather than dependence association. I strive for the client to find their own way, but at the same time I recognize when direction, guidance and information are needed. The therapeutic relationship that I develop with the client is our foundation from which to build. My counseling environment is safe, non-judgmental, confidential and in a private setting. During a counseling session there is: self-expression, exploration, reflection and clarification of feelings, better understandings of self and others, the realization of options and consideration of all choices, and helping to create and make changes for a better life.

Comments- I specialize in "difficult" students. I believe many students have been effected by traumatic experiences in their lives and are struggling to manage very difficult residual dysregulated feelings in their bodies. My approach is 3 pronged: #1 Traumatic resolution work, #2 Body Awareness, #3 Developing a personal "Toolkit" to handle those difficult feelings. These methods may help to avoid the pitfall of the psychiatric diagnosis and medication cycle. This work is especially important for young people who might tend to use substances, cutting, sexual acting out etc.... to deal with their overwhelming feelings. Empowering them now with effective tools can help give them a leg up to a healthy, productive and satisfying future.

Is sliding scale available- Yes
Counseling specialty- Hypnotherapy- Pain Management, Trauma, Medical Issues
Are emergency services available- No
How quickly can patients be seen- Within 48 Hours
Office hours- Monday through Friday by appointment
Psychiatric affiliate- None
Comments- I work with my clients using hypnotherapy to help self-regulate pain more easily, neutralize traumatic experiences, reduce stress and anxiety, and aid in the body healing itself more rapidly. With the changes in protocol for Schedule II controlled substances, self-regulation through complementary modalities is a key component for success- when provided by a hypnotherapist with the proper training. I specialize in pain management and a variety of medical issues, such as cancer, overactive bladder and rheumatoid arthritis, and work as an adjunct to my clients’ conventional medical treatment as directed by a physician or therapist.

Comments - TCBC is a multispecialty group practice with 2 locations. We are easily accessible in Sussex and Morris Counties. Our therapists are highly training in their area of expertise. They are warm, welcoming and ready to meet the needs of their clients. Our dedicated administrative staff assists clients with scheduling needs. We are able to schedule clients in the same week they call. We also handle all of the insurance needs to take the guess work out of the equation. TCBC also has an IIC division through the Childrens System of Care to provide Intensive In-Community Psychotherapy. Our IIC serves children and families in Morris, Sussex, Warren, Hunterdon, Somerset, Bergen, Passaic and Union Counties.
